

SO-11-03

**APPLICATION FOR NAVY CONTRACT POSITION  
THIS IS NOT A CIVIL SERVICE POSITION  
7 APRIL 2003**

I. IMPORTANT INFORMATION: CUTOFF DATE AND TIME FOR RECEIPT OF APPLICATION IS 1500 EST (3:00 PM EST) ON OR BEFORE 29 April 2003. SEND APPLICATION TO THE FOLLOWING ADDRESS:

Naval Medical Logistics Command  
Acquisition Management Department  
1681 Nelson Street, Attn: Code 02, 220  
Fort Detrick, Frederick, MD 21702-9203

**A. NOTICE.** The position is for an individual Interventional Radiologist. Applications from companies or corporations will not be considered. Applications from active duty Navy personnel who will be leaving Naval service, civilian employees of the Navy, or persons currently performing medical services under other Navy contracts will be considered.

**B. POSITION SYNOPSIS.** The Government is seeking to place under contract, an individual who holds a current, unrestricted license to practice medicine in any one of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam or the U.S. Virgin Islands and is Board Certified in Radiology. You must also have additional certification (e.g., Certificate of Added Qualifications by the American Board of Radiology; or Subspecialty Certification by the American Osteopathic College of Radiology) in Vascular and Interventional Radiology. You must (1) meet all the requirements contained herein; (2) obtain and maintain delineated clinical privileges; and (3) competitively bid for the contract.

You shall serve as an Interventional Radiologist providing care and services to inpatients and outpatients for the Radiology Department located in the Naval Medical Center, San Diego, CA.

You shall normally provide services Monday through Friday for an 8.5 hour shift (to include an uncompensated 30-minute meal break) during the department's full service hours of 0800 to 1630 Monday – Friday. Your normal duty hours shall not exceed 160 hours per 4-week period. You shall not be required to provide services on the following 10 Federal holidays: New Year's Day, Martin Luther King's Birthday, Presidents Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day, with the exception of providing on-call services which may occur on a holiday. When required, to ensure completion of services that extend beyond the normal close of business, you shall remain on duty in excess of the scheduled shift. You shall be given an equal amount of compensatory time to be scheduled upon mutual agreement of you and the Commanding Officer. You shall arrive for each scheduled shift in a well rested condition and shall have had at least six hours of rest from all other duties as an Interventional Radiologist.

Additionally, you shall equitably share interventional radiology call coverage with other staff radiologists in the Special Studies division. These services shall include performance of, or direct supervision of, emergency interventional radiology procedures. On-call coverage is for one week at a time and begins at the close of the workday Friday (at 1630 hours) until commencement of the following Friday (at 0800 hours). You can expect to provide on-call coverage 2 to 3 weeks in an 8-week period; historical data indicates that the angiography on-call physician responds to an average of 2 to 3 calls per week. The on-call schedule will be provided 2 weeks in advance. Amounts of on-call coverage may vary with staffing levels.

You shall accrue 12 hours of paid leave (i.e. vacation and sick leave) per 2-week period. You shall be fully compensated for these periods of authorized leave.

### **SO-11-03**

Additionally, you shall be allotted up to 10 days annually for professional training (e.g., attendance to CME's). All costs associated with professional training (CME's) shall be borne by the contractor. Any changes in the schedule, including time off for attendance at professional training, shall be coordinated between you and the Government with prior notification to the Radiology Department Head or his/her authorized representative. The Government will adjust your schedule accordingly. If the Government terminates the contract or declines to exercise the option to renew, you shall be provided the opportunity to use any accrued paid leave. Leave without Pay (LWOP) may be granted after all paid leave has been exhausted for unusual and compelling circumstances (e.g. family leave) at the discretion of the Commanding Officer.

This position is for a period beginning from the start date (a date agreed upon by the successful applicant and the Government) through 30 September of the same fiscal year with options to extend the contract for a total of 5 years. The contract will be renewable each year at the option of the Navy.

## **II. STATEMENT OF WORK**

**A.** The use of the term "Commanding Officer" means Commander, Naval Medical Center San Diego, CA, or his/her designated representative (e.g. Department Head).

**B. THE RADIOLOGIST AS A PERSONAL SERVANT.** The services you are providing under this contract shall be rendered as personal services for the Navy, performing an agency function by providing direct medical care required by the Navy for its health care beneficiaries. Prior to performance of services, you shall submit to the technical liaison credentialing documents as required. Your activities shall be subject to day-to-day supervision and control by Navy personnel in a manner comparable to the supervision and control exercised over Navy uniformed and civil service personnel engaged in comparable work. The term "supervision and control" is defined as that process by which one receives technical guidance, direction, and approval with regard to an element of work or a series of tasks within the requirements of the contract. It is the intent of the parties that this personal services contract create an employer-employee relationship between you and the Navy. Accordingly, personal injury claims alleging negligence by you within the scope of your performance of this contract shall be processed as claims alleging negligence by DoD military or civil service employees. **You are not required to maintain medical liability insurance.**

**C. DUTIES AND RESPONSIBILITIES.** You shall perform a full range of Interventional Radiology services for inpatients and outpatients in support of the Radiology Department using government furnished supplies, facilities and equipment within the assigned unit of the MTF. Your productivity is expected to be comparable to that of other individuals performing similar services. You shall perform the following duties:

1. Provide a full range of interventional radiology services to include basic and advanced routine and specialized radiographic procedures outlined in Attachment 6 and in accordance with the privileges granted by the MTF Commanding Officer.
2. Perform and interpret all types of advanced specialized radiographic and interventional radiologic procedures, including but not limited to: image guided biopsies using fluoroscopy, CT or ultrasound of deep solid masses or organs, pulmonary biopsies, puncture and drainage of fluid collection and abscesses, percutaneous biliary drainage, percutaneous nephrostomy and subsequent drainage, neuroangiography and body angiography, myelograms of the cervical, lumbar and thoracic spine, angioplasty, caval filter placements, vascular stent placement, aortic endograft placement and transjugular intrahepatic portosystem shunts (TIPS).
3. Provide on-call radiology services as outlined herein.
4. Admit patients to the Interventional Service and manage their in-hospital care and discharge.

**SO-11-03**

5. Provide and participate in in-service training to other hospital staff members at interdepartmental conferences, tumor boards etc. Provide educational and CME lectures and conferences for radiology residents and staff on a regular basis (frequency of lectures to be determined by the department head and presented to the staff at the beginning of the academic year) and supervise and teach residents, fellows, medical students and interns daily.
6. Serve as the director of a subspecialty area of radiology for purposes of directing the thorough instruction of radiology residents in that subspecialty area in accordance with ACGME and radiology subspecialty association guidelines. This would include assuring the up to date practice of that subspecialty within the department, adherence to American College of Radiology (ACR) Practice Standards and the development of appropriate imaging or interventional procedure protocols.
7. Perform technical duties such as evaluating new or replacement equipment and making recommendations for the purchase of new imaging or interventional devices, software, equipment or technology.
8. Support the development of academic and research activities within the department including mentoring residents in research projects.
9. Participate in continuing education to meet own professional growth.
10. Demonstrate awareness of legal issues in all aspects of patient care and unit function and strive to manage situations in a reduced risk manner.
11. Participate in peer review and performance improvement activities.
12. Demonstrate appropriate delegation of tasks and duties in the direction and coordination of health care team members, patient care, and clinic activities.
13. Provide training and/or direction as applicable to supporting Government employees (i.e., hospital corpsmen, students, etc.) assigned to you during the performance of duties.
14. Prescribe and dispense medications as delineated by the Pharmacy and Therapeutics Committee.
15. Maintain an awareness of responsibility and accountability for own professional practice.
16. Demonstrate awareness and sensitivity to patient/significant others' rights, as identified within the institution.
17. Promote preventive and health maintenance care, including annual physicals, positive health behaviors, and self-care skills through education and counseling.
18. Attend annual renewal of hospital provided annual training such as family advocacy, disaster training, infection control, sexual harassment, and blood-borne pathogens.
19. Participate in monthly meetings to review and evaluate the care provided to patients, identify opportunities to improve the care delivered, and recommend corrective action when problems exist. Should a meeting occur outside of your regular working hours, you shall be required to read and initial the minutes of the meeting.
20. Participate in the implementation of the Family Advocacy Program as directed. Participation shall include, but not be limited to, appropriate medical examination, documentation, and reporting.

**SO-11-03**

21. Perform limited administrative duties which include maintaining statistical records of your workload, operate and manipulate automated systems such as Composite Health Care System (CHCS), participating in education programs, and participating in clinical staff quality assurance functions as prescribed by the Commanding Officer.

22. Comply with the requirements of the Navy's radiation monitoring program as described in NAVMED P-5055, Radiation Health Protection Manual. The Radiation Safety Division will supply the radiologist with a personal dosimeter and the radiologist will be enrolled in the command radiation protection program. The radiologist will be notified of their annual radiation exposure levels and anytime their exposure exceeds ALARA (as low as reasonably achievable) levels.

**D. MINIMUM PERSONNEL QUALIFICATIONS.** To be qualified for the position you must:

1. Possess a Doctorate Degree in Medicine from an accredited institution approved by the Liaison Committee on Medical Education and Hospitals of the American Medical Association, a Doctorate Degree in Osteopathy from a college accredited by the American Osteopathic Association, or permanent certification by the Educational Commission for Foreign Medical Graduates (ECFMG).

2. Have completed a residency training program in Radiology approved by the Accreditation Council for Graduate Medical Education or the Committee on Postdoctoral Training of the American Osteopathic Association or those Canadian training programs approved by the Royal College of Physicians and Surgeons of Canada or other appropriate Canadian medical authority.

3. Possess Board Certification in Radiology.

4. Possess a Certificate of Added Qualifications (CAQ) in Vascular and Interventional Radiology from the American Board of Radiology or Subspecialty Certification in Vascular and Interventional Radiology from the American Osteopathic College of Radiology.

5. Possess a current, unrestricted license to practice medicine in any one of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam or the U.S. Virgin Islands.

6. Have documentation of current Drug Enforcement Agency (DEA) number prior to commencement of services.

7. Possess current certification in Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) prior to commencement of services.

8. Have at least 12 months experience within the preceding 36 months as a Interventional Radiologist in a setting of similar size and complexity. The healthcare worker shall be qualified to perform the basic procedures as specified in Attachment 6.

9. Be eligible for U.S. employment.

10. Provide two letters of recommendation written within the last two years attesting to your clinical skills. Recommendation letters shall attest to the quality and quantity of your experience and shall include the name, title, phone number, date of reference, address and signature of the individual providing the reference.

11. Represent an acceptable malpractice risk to the Navy.

12. Submit a fair and reasonable price, which has been accepted by the Government.

### **SO-11-03**

**E. FACTORS TO BE USED IN A CONTRACT AWARD DECISION.** If you meet the minimum qualifications listed in the paragraph above entitled "Minimum Personnel Qualifications" you will be ranked against all other qualified candidates using the following criteria, listed in descending order of importance. The "Personal Qualification Sheet," Letters of Recommendation and the DD 214 (if you possess prior military services) shall be used to evaluate these items.

1. Quantity and quality of experience as an Interventional Radiologist. Applicants who demonstrate ability to perform a greater number of additional procedures listed in Attachment 7 may receive a higher ranking.
2. Academic or research experience including basic or applied research and publications and adjunct academic appointments.
3. Letters of recommendation required in item D.10, above, may enhance your ranking if they address such items as clinical skills, professionalism, or specific areas of expertise, etc.
4. Total Continuing Medical Education (CME) hours.
5. Experience in a DOD medical facility.

**F. INSTRUCTIONS FOR COMPLETING THE APPLICATION.** To be qualified for this contract position, you must submit the following:

1. \_\_\_\_\_ Two copies of a completed, "Personal Qualifications Sheet" (Attachment 1)
2. \_\_\_\_\_ A completed Pricing Sheet (Attachment 2)
3. \_\_\_\_\_ Two copies of employment eligibility documentation (Attachment 3)
4. \_\_\_\_\_ A completed CCR Application Confirmation Sheet (Attachment 4)
5. \_\_\_\_\_ A completed Small Business Program Representations Form (Attachment 5)
6. \_\_\_\_\_ Two letters of recommendation per paragraph D. 10. above.
7. \_\_\_\_\_ Basic Privileges Checklist (Attachment 6).
8. \_\_\_\_\_ Additional Privileges Checklist (Attachment 7).

### **G. OTHER INFORMATION FOR OFFERORS.**

After your application is reviewed, the Government will do at least one of the following: (1) Call you to negotiate your price, (2) Ask you to submit additional papers to ensure you are qualified for the position, (3) Send you a letter to tell you that you are either not qualified for the position or that you are not the highest qualified individual, or (4) Make contract award from your application. If you are the successful applicant, the contracting officer will mail to you a formal government contract for your signature. This contract will record the negotiated price, your promise to perform the work described above, how you will be paid, how and by whom you will be supervised, and other rights and obligations of you and the Navy. Since this will be a legally binding document, you should review it carefully before you sign.

Upon award, an Individual Credentials File (ICF) shall be completed prior to performance of services. Completed ICF must be forwarded 30 days prior to performance of duties to the MTF's Professional Affairs Department. The ICF, maintained at the MTF, contains specific information with regard to qualifying degrees and licenses, past professional experience and performance, education and training, health status, and current competence as compared to specialty-specific criteria regarding eligibility for defined scopes of health care services. BUMED Instruction 6320.66C (or current version) detail the ICF requirements. A copy of this instruction may be obtained from the World Wide Web at:

<http://navymedicine.med.navy.mil/instructions/external/6320.66centire.pdf>. If individual clinical privileges have been summarily suspended pending an investigation into questions of professional ethics or conduct, your performance under this contract may be suspended until clinical privileges are reinstated. No reimbursement shall be made and no other compensation shall accrue to you so long as performance is suspended. The denial,

**SO-11-03**

suspension, limitation, or revocation of clinical privileges based upon practitioner impairment or misconduct shall be reported to the appropriate authorities.

As of June 30, 1998, all contractors must be registered in the Central Contractor Registration (CCR) as a prerequisite to receiving a Department of Defense (DoD) contract. Please see Attachment 4 for additional information. Normally, registration completed via the Internet is accomplished within 48 hours. Registration of an applicant submitting an application through the mail or via facsimile may take up to 30 days. Therefore, you are encouraged to apply for registration immediately upon receipt of the RP. Any contractor who is not registered in CCR will NOT get paid. You may register in the CCR through the World Wide Web at <http://www.acq.osd.mil/ec>. If you do not have Internet access, a registration form is provided at Attachment V and can be mailed to the following address:

For firms with LEGAL business names beginning with the letters A-K or a number:

CCR Registration Assistance Center  
2000 South Loop 256, Suite 11  
Palestine, TX 75801  
FAX: (904) 729-7988

For firms with LEGAL business names beginning with the letters L-Z:

CCR registration Assistance Center  
1450 Scalp Avenue  
Johnstown, PA 15904  
FAX: (814) 262-2326

A complete, sample contract is available upon request.

Any questions must be directed to [acquisitions@nmlc.med.navy.mil](mailto:acquisitions@nmlc.med.navy.mil) by fax at (301) 619-6793 **NOTE: Reference "Code 220" in the subject line of all e-mails sent to the stated address..**

We look forward to receiving your application.

**PERSONAL QUALIFICATIONS SHEET – INTERVENTIONAL RADIOLOGIST**

1. Every item on the Personal Qualifications Sheet must be addressed. Please sign and date where indicated. Any additional information required may be provided on a separate sheet of paper (indicate by number and section the question(s) to be addressed).
2. The information you provide will be used to determine your acceptability based on Section D of the solicitation. **In addition to the Personal Qualifications Sheet, please submit two letters of recommendation as described in Item X. of this Sheet.**
3. After contract award, all of the information you provide will be verified during the credentialing process. At that time, you will be required to provide the following documentation verifying your qualifications: Professional Education Degree, Release of Information, Personal and Professional Information Sheet for Privileged Providers, all medical licenses held within the preceding 10 years, continuing education certificates, and employment eligibility documentation. If you submit false information, the following actions may occur:
  - a) **Your contract may be terminated for default. This action may initiate the suspension and debarment process, which could result in the determination that you are no longer eligible for future Government contracts.**
  - b) You may lose your clinical privileges. If that occurs, an adverse credentialing action report will be forwarded to your State licensing bureau and the National Practitioners Databank.
4. Health Certification. Individuals providing services under Government contracts are required to undergo a physical exam 60 days prior to beginning work. The exam is not required prior to award but is required prior to the performance of services under contract. By signing this form, you have acknowledged this requirement.

5. Practice Information:

- |  | <u>Yes</u> | <u>No</u> |
|--|------------|-----------|
| 1. Have you ever been the subject of a malpractice claim?<br>(indicate final disposition of case in comments)          | ___        | ___       |
| 2. Have you ever been a defendant in a felony or misdemeanor case?<br>(indicate final disposition of case in comments) | ___        | ___       |
| 3. Has your license to practice or DEA certification ever been revoked<br>or restricted in any state?                  | ___        | ___       |

If any of the above is answered "yes" attach a detailed explanation. Specifically address the disposition of the claim or charges for numbers 1 and 2 above, and the State of the revocation for number 3 above.

**PRIVACY ACT STATEMENT**

Under 5 U.S.C. 552a and Executive Order 9397, the information provided on this page and the Personal Qualifications Sheet is requested for use in the consideration of a contract; disclosure of the information is voluntary; failure to provide information may result in the denial of the opportunity to enter into a contract.

**PRICING SHEET****PERIOD OF PERFORMANCE**

Services are required from 1 July 2003 through 30 September 2003. Five option periods will be included which will extend services through 30 June 2008, if required by the Government. The Contracting Officer reserves the right to adjust the start and end dates of performance to meet the actual contract start date.

**PRICING INFORMATION**

Insert the price per hour that you want the Navy to pay you. You may want to consider inflation rates when pricing the option periods. The Government will award a contract that is neither too high nor too low. Your price would be high enough to retain your services but not so high as to be out of line when compared to the salaries of other Interventional Radiologists in the San Diego, CA area. The hourly price should include consideration for the following taxes and insurance that are required:

(a) Please note that if you are awarded a Government contract position, you will be responsible for paying all federal, state and, local taxes. The Navy does not withhold any taxes. Your proposed prices should include the amount you will pay in taxes.

(b) Before commencing work under a contract, you shall obtain the following required levels of insurance at your own expense: (a) General Liability - Bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence, and (b) Automobile Liability - Auto liability insurance written on the comprehensive form of policy. Provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage.

The price that you propose for the base period will be added to the proposed price for all option periods for the purpose of price evaluation.

  7. Unexpired employment authorization document issued by the INS (other than those listed under List A).

**CENTRAL CONTRACTOR REGISTRATION APPLICATION  
CONFIRMATION SHEET**

As of June 1, 1998 all contractors must be registered in the Central Contractor Registration (CCR) as a prerequisite to receiving the Department of Defense (DoD) contract.

Registration through the World Wide Web is preferred. The Web address is <http://www.ccr2000.com/> If you do not have internet access, please contact the CCR Assistance Center at 1-888-227-2423.

In order to register with the CCR you are required to obtain a DUNS number from Dun & Bradstreet. Please contact Dun & Bradstreet at 1-800-333-0505 to request a number or request the number via internet at <http://www.dnb.com>.

Complete the following and submit with initial offer:

**Name:** \_\_\_\_\_

**Company:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**E-mail Address:** \_\_\_\_\_

**Date CCR Form was submitted:** \_\_\_\_\_

**Assigned DUN & BRADSTREET #:** \_\_\_\_\_

**SMALL BUSINESS PROGRAM REPRESENTATIONS**

As stated in paragraph I.A. of this application this position is set-aside for individuals. As an individual you are considered a Small Business for statistical purposes. If you are female, you are considered a woman-owned small business. If you belong to one of the racial or ethnic groups in section B, you are considered a small disadvantaged business. To obtain further statistical information on Women-owned and Small Disadvantaged Businesses you are requested to provide the additional information requested below.

NOTE: This information will not be used in the selection process nor will any benefit be received by an individual based on the information provided.

Check as applicable:

**Section A.**

- ☐ ( ) The offeror represents for general statistical purposes that it is a woman-owned small business concern.
- ☐ ( ) The offeror represents, for general statistical purposes, that it is a small disadvantaged business concern as defined below.
- ☐ ( ) The offeror represents for general statistical purposes that it is a service disabled veteran owned small business.

**Section B**

[Complete if offeror represented itself as disadvantaged in this provision.] The offeror shall check the category in which its ownership falls:

- ☐ Black American.
- ☐ Hispanic American.
- ☐ Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians).
- ☐ Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Japan, China, Taiwan, Laos, Cambodia (Kampuchea), Vietnam, Korea, The Philippines, U.S. Trust Territory of the Pacific Islands (Republic of Palau), Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru).
- ☐ Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

Offeror's Name : \_\_\_\_\_

Notice of Contracting Opportunity No.: \_\_\_\_\_

**DIAGNOSTIC RADIOLOGY – BASIC PROCEDURES**

The following is a list of the basic procedures required for Diagnostic Radiologists. Please place a check mark next to the procedures that you are currently qualified to perform.

-----

Consultation, diagnostic workup planning, radiation monitoring, performing, and interpreting the following diagnostic procedures:

- ☐ Routine radiographic studies including the chest, abdomen, extremities, head, and neck
- ☐ Fluoroscopic procedures of the gastrointestinal tract; e.g., barium swallow, enteroclysis, upper gastrointestinal series, small bowel followthrough, air contrast, and solid column barium enemas
- ☐ Radiologic procedures of genitourinary tract; e.g., intravenous pyelogram, voiding cystourethrogram, hysterosalpingogram
- ☐ Radiographic procedures upon the musculoskeletal system; e.g., arthrograms of all types
- ☐ Supervising the performance and interpreting the results of screening, indicated, or diagnostic mammograms, including needle localization of any masses found
- ☐ Ultrasound procedures of: the obstetrical patient and her fetus, the female pelvis, the abdomen including the kidneys, liver, spleen, biliary tract, gallbladder, pancreas, the thyroid, the chest for effusion, and the scrotum
- ☐ Advanced ultrasound procedures of: Endovaginal ultrasound, Doppler imaging of veins and arteries, e.g., carotid, neurosonology
- ☐ Supervising the performance of and interpreting of routine computed tomography of head, spine, and body
- ☐ Routine Magnetic Resonance Imaging for head, spine, body and major joints, e.g., shoulder, knee, ankle, etc.
- ☐ Performing and interpreting venography of the major vessels
- ☐ Supervising the performance and interpreting the images obtained in nuclear medicine procedures using the radioisotopes Tc-99M, I-131, I-123, Ga-67, Tl-201, Xe-133, and Xe-127\*\*

\*\* These procedures require the concurrent approval of the Radiation Safety and Radioisotope Committee following applicable Nuclear Regulatory Commission (NRC) regulations.

I certify that I am currently qualified to perform the procedures denoted above.

**DIAGNOSTIC RADIOLOGY – ADDITIONAL PROCEDURES**

The following is a list of the additional diagnostic radiology procedures. Please place a check mark next to the procedures that you are currently qualified to perform.

-----

☐ Supervising the performance of, and interpretation of, computed tomographic studies for the head, spine, and body:

Advanced ultrasound studies:

☐ Endorectal imaging  
☐ Echocardiography

Advanced neuroradiological procedures:

☐ Cervical myelography via C2 puncture  
☐ Intracranial arterial catheterization or embolization

Magnetic resonance imaging:

☐ Intracranial imaging  
☐ Spinal cord imaging  
☐ Spinal canal imaging  
☐ Chest and heart imaging  
☐ Abdominal and pelvic imaging  
☐ Musculoskeletal imaging; e.g., shoulders, knees, ankles and elbows

Advanced angiography:

☐ Transluminal angioplasty peripheral arteries  
☐ Transluminal angioplasty of renal arteries  
☐ Embolization procedures  
☐ Placement of caval filters  
☐ Performance and interpretation of lymphangiography  
☐ Performing and interpreting angiography of the major vessels including arteriography

Advanced interventional procedures:

☐ Guided biopsies using fluoroscopy, computerized tomography, or ultrasound of deep solid masses or organs  
☐ Pulmonary biopsies  
☐ Puncture and drainage of fluid collection and abscesses  
☐ Percutaneous transhepatic cholangiography  
☐ Percutaneous biliary drainage  
☐ Percutaneous nephrotomy and subsequent drainage  
☐ Transjugular intrahepatic portosystem shunts  
☐ Performing and interpreting myelograms of the cervical thoracic, and lumbar spine via a lumbar puncture using fluoroscopic guidance

**\*\* Advanced nuclear medicine studies:**

☐ Use of Iodine 131 for therapy in Graves or Plummer's disease (less than 30 millicuries)  
☐ Use of P-32 for intravenous and intraperitoneal use  
☐ Use of Iodine 131 for therapy in thyroid carcinoma in amounts greater than 30 millicuries

**\*\* These procedures require the concurrent approval of the Radiation Safety and Radioisotope Committee following applicable NRC regulations.**

I certify that I am currently qualified to perform the procedures denoted above.
